

Sponsor 4

Pay No More

**Fees effective for the next Chamber membership year. Certain restrictions apply, see below.*

As a Chamber member your voice is the strongest when it comes to sharing the values of Chamber membership. By relating to other businesses and professionals you can share the many benefits and services that are offered and extend the invitation to become a part of the Chamber.

So what's in it for you? Of course we want to offer you an incentive for doing what you are already doing! By recruiting four new Chamber members in this Chamber year (Oct. 1 2011 to Sept. 30 2012) you will receive your membership **free** next year (Oct. 1 2012 to Sept. 30 2013). Like the sound of it...read on.

A new member is defined as a commercial business or organization who has not been a Chamber member under the same business name for the past two years and one that falls into the Commercial or Organization membership category.

The categories of Civic, Retired, Spouse of member, Dual Membership or Additional member to a current membership do not apply.

The Chamber membership application has an area where a sponsor can place his or her name. The Membership Coordinator will maintain a log and at the end of each year the log will be checked to see if a member qualifies for a free membership. Announcement of the free membership recipients will be presented at the first networking event in the new Chamber year and published in the Chamber Flash.

So don't wait - start spreading the good word and earn a **free** membership!
